NAUTICAL MILES FOR
YEARS TO COME

THE NORD STAR HERITAGE

The Lindkvist family started building boats in 1920's, when Sivert Lindkvist mastered the art of boat building and started to craft boats also for clients. With fresh vision and passionate inspiration, each generation has been keen to save the traditional craftsmanship as well as acquire more information about boat construction and company development. The boats are also tested throughly to operate flawlessly also in demanding environments.
