Omschrijving

Hull #1 from this spectacular Catana 50 range. This Catana has been built at a higher quality then the following 50's. The owner has sailed 65.000 Nm with "Prati" so you can be sure of a very safe and comfortable catamaran. Prati is equipped with truly everything you need for living on board and cruising the world. She comes with many spareparts, double watermakers, double autopilot, double radar, generator, solarpanels etc.etc.

Her interior layout offers a huge mastercabin in 1 hull, and 2 double cabins in the other. Lots of space and storage everywhere for a safe and very comfortable stay on board. But sailig with a Catana 50 is even better. With her daggerboards and large sail areas, she is a true sailer. 3x furler sails on the bowsprit, 3x electric winches, so even shorthanded sailing is no problem. There is nothing left to be desired.

All pictures are taken on July 24th 2024 on land in Portimao and show her actual condition. Do you have questions left or do you like to make an apppointment to visit this boat in Portugal?
